22. (Internal Use Only - GMC) LIAISON Received a call from [Redacted] office of General Counsel, NSA. [Redacted] said that he had just met with House International Relations Subcommittee on International Organizations [Redacted] inquiry Staff Director Bob Boettcher and his Deputy Mike Hershman. [Redacted] said that Boettcher and Hershman had refused to provide NSA with a copy of the Subcommittee's draft final report unless NSA agreed to provide to the Subcommittee additional NSA information which had previously been requested by the Subcommittee and denied by NSA. I told [Redacted] that I thought that as the DCI's Legislative Counsel we had an obligation to ensure that necessary steps were taken to prevent the unauthorized disclosure of classified NSA information, and I therefore arranged for [Redacted] to see a copy of the Subcommittee's draft final report which had been made available for review by the DDO. I arranged for [Redacted] to visit Headquarters for this purpose on Saturday, 30 September and for him to meet with [Redacted] DDO/EA Division, to discuss the draft report.

23. (Internal Use Only - GMC) LIAISON Called Paul O'Connell, on the staff of the Morgan-Schmitt Senate Select Committee on Ethics Subcommittee, to tell him that I had received his letter asking for additional information related to the Subcommittee's investigation of the Senate Select Committee on Intelligence oil study leak. I told O'Connell that it appeared that considerable research might be required to answer the Subcommittee's latest questions and that it might take a week or so to come up with the answers which the Subcommittee sought. I told O'Connell that I would forward the letter to the National Foreign Assessment Center so that it could begin working on the Subcommittee's request and that I would be back in touch with him the following week.

24. (Internal Use Only - GMC) LIAISON Called Mike Glennon, Legal Counsel, Senate Foreign Relations Committee, to confirm that his meeting with the A/DDO was scheduled for Wednesday, 4 October 1978, at 2:00 p.m. at Headquarters. Glennon said that he preferred to delay interviews with other DDO officers on several foreign intelligence services until after he had met with the A/DDO.
